Fire and Iron 141

Fire and Iron is a group of Firefighters and other people associated with the fire service that love to ride and have a good time. The club prides itself in its effort to support various organizations along with other clubs. Each member of Fire and Iron is either active or retired full-time, paid-on-call, or volunteer member of the fire service community. In Addition to firefighters we welcome dispatchers, inspectors, and mechanics who share a passion for not only protecting the lives of citizens of their community, but also for the open road.
